# CHAPTER I

## INTRODUCTION

### A. Study Background

Literature is the result of author's thought and feeling, through expression with social life or their community in their surroundings, which are the put into language become a work or literary works. Syafi'i (2013:21) mentions that Literature can be divided into two major categories, they are fiction and non-fiction. Fiction is literary works that is not based on true story some example are short story, poetry, drama, movie. Non-fiction is literary works that is based on the true story for example personal essay, history, biography and autobiography. Movie as one of fiction literary is not only made based on imagination, but also directed to break up the facts that always faced has become a medium to describe about human life now.

One of the most interesting movie is horror movie. This kind of movie can challenge the watchers who are usually involving fear when watching it. Clarence (2013:45) says that In the movie, many genres had known as well as action, adventure, comedy, fantasy, historical, horror, Sci-Fi. Thus, the movie genres often mix genre like horror-comedy, western-comedy, horror-science fiction set forth in a folk tale, legends or things like myth, a myth in this case is often associated with the supernatural.

Talking about supernatural, Murray (1998:5) explains that supernatural means that some power which is not natural and that it is outside the order of nature

on account of direct divine intervention. The God does not normally intervene in the workings of nature so that the supernatural is not a kind of explanation for things we do not understand. Supernatural events such as prophecy and miracles occur only for the sake of salvation and free gift of a personal god, who is distinct from the created universe.

As the extension, Smith (2000:17) says that supernatural can be said as one of fictions often associated with the paranormal. It includes ghosts, extraordinary human abilities or fantasy creatures. The term supernatural refers to things that cannot be explained by rational or scientific means.

There are some phenomena in human life and still believed by society in the world. For example phenomena of paranormal as well as full mystery, magic and supernatural. in America, people are still closely with some rituals, one of which is to believe that a dance can protect them from some danger, which is where the dance is often called theghost dance ceremony (Dunwich, 2010:41). Meanwhile, In indonesia, some people still believe in my mystical things, they have a mythical belief that the spirits of the deceased may be invited to communicate (Sutiyono, 2006:7).

As for in Qur'an surah Al-An'am verse 112, Allah Swt says:

وَكَذَلِكَ جَعَلْنَا لِكُلِّ نَبِيٍّ عَدُوًّا شَيَاطِينَ الْإِنْسِ وَالْجِنِّ يُوحِي بَعْضُهُمْ إِلَى بَعْضٍ زُخْرُفَ الْقَوْلِ  
غُرُورًا وَلَوْ شَاءَ رَبُّكَ مَا فَعَلُوهُ فَذَرْهُمْ وَمَا يَفْتَرُونَ ﴿١١٢﴾

Translation :

*“Thus have we appointed unto every prophet an adversary devil of humankind and jinn who inspire in one another plausible discourse through guile. If they lord willed, they would not do so: so leave them alone with their devising”.* (Al-Mubarakfuri (2011:321)

In Al- An'aam, it explains that the devil itself means is everything from his character form of evil and devils types of jinn and humans attempt to deceive people and interfere with people to not believe Prophet. The relationship between this Surah and “conjuring II” movie were the evil disturb people to deceive them also. On the movie the evil obsessing to human body, disturbing then and frighten them.

Based on statements from the background, the researcher is interested in analyzing supernatural aspect in James Wan movie “The Conjuring II” , because supernatural is important and becomes part of the society. Moreover the movie chosen is based on true story which also probably happens to society and also many supernatural found in this movie.

## CHAPTER II

### REVIEW OF RELATED LITERATURE

#### A. Previous findings

After searching some researches, the researcher has found a few related research and tried to compare with hers. All of the related researches come from these that have similar with this thesis as follows.

Williams (2006) conducted a research on “*An Analysis of the Supernatural Archetype of the Prophet Muhammad as Found in the Sira’/ Ta’rikh and Tafsir Works of al-Tabari and Ibn Kathir*”. The purpose of this research is to examine and determine how the reports of the supernatural fit into the story of Muhammad’s life as a whole. This research used content analysis to find out the relevant data. The result of this research is that there is both supernatural and mundane archetype for the life of Muhammad, and they appear to mirror each other almost perfectly.

Kristenses (2010) in this thesis “*The Literary Vampire-from Supernatural Monster to The Actual Human*”. The purpose of this paper is to determine the mythology of historical development of the figure of the vampire in literature and focuses on mythical of the vampire is portrayed in literature, function of vampire and Dracula is Vampire most supernatural. The research used mythological analysis approach to find the kinds of mythological and The author describe the Bram Stoker Dracula, via interview with vampire by Anne Rice, to the contemporary vampire,

illustrated by the twilight series by Stephanie Meyer and Charlene Harris. The writer used Jules Zanger's theory who divides myths into four kinds. In this thesis, the researcher found the vampire has definitely become more human over the years. This entire study comes down to the fact that the vampire as a mythical figure, as seen in Dracula, is so fundamentally different from humans that it becomes something awful and frightening.

The similarity between this research and previous findings above the this research is the analysis related to supernatural. While the differences of this research are William research is the used content analysis while Kristenses's research used Jules Zanger's theory and and research analyzed the literary Vampire-from Supernatural Monster to the actual Human and Object. But this research only will analyze aspect of supernatural in the *Conjuring II* movie uses Gerina Dunwich's theory.

## **B. Pertinent Ideas**

### **1. Supernatural**

#### **a. Definition of Supernatural**

Since the eighth century or about after the death of the prophet (632M), Islamic scholars actively studying theology, jurisprudence, philology, linguistics and lexicography. Their investigation later expanded field, covering various branches of science, both natural science and social science, whatever it is exact or not, such as physics, chemistry, astronomy and astrology, botany, geography and cartography,

medicine, pharmacy, mathematics, philosophy, psychotherapy, literature, music and architecture (Soedewo,2007:45).

One branch of science that is literature, literature that in this case, is an expression of thought in writing, in which, writing is a medium of thought that poured through language, the language can be applied in the form of writing, in this case the media which is usually applied in the form of drawings, paintings or a literary work that is more to be world of imagination of fantasy set forth in a folk tale, fairy tales, legends or things like myth, a myth in this case is often associated with the supernatural.

Supernatural is an events that have no natural explanation. It commonly refers to divine acts, but can additionally include extraordinary acts caused by negative forces (Dunwich, 2002:17). the researcher believes that supernatural is an event that cannot be explained by natural law or natural law beyond supernatural is often associated with ghosts, gods, spirits, paranormal, curses, spells and others.

#### **b. Aspects of Supernatural**

Dunwich (2002:14) believes that supernatural aspect is divided into ten kinds, they are Phantasms and Ectoplasm, True Tales of Ghosts and Haunting, Spiritualism, the Necromantic Arts, Possession, Obsession and Exorcism, Spell and Sorcery, Herbs Associated with Ghost, Ghostly Superstitions, Creatures of The Night and Deities of Death and Tthe Underworld.

## 1. Phantasms and Ectoplasms

One branch of phantasms and ectoplasm is to Dream about a ghost, some people think that the dream of the ghost is a sign of good luck and not a few also thought that dreaming about an evil ghost it is a sign that death is near. Thus, it can be concluded that phantasms and ectoplasms is an event that is depicted in the dream that has meaning (Dunwich, 2002:20 ).

For example:

*Someone who is critically ill and having recurring dreams about the deceased spouse or other relatives who have died, this is a sign that death is near. as in Movie of a Night Mare on Elm Street which tells about a spirit that kills through dream.*

## 2. True tales of Ghost and Hauntings

In the discussion True Tales of Ghost and Huntings, Dunwich describe some ghost stories in some areas, which described the results of his own research so it can concluded that True Tales of Ghost and Hauntings is a description of ghost stories happening in some places based on a research, demons and ghost houses. In the case of haunts, this can happen to the object moved by the ghost or noises which were unclearly sourced from (Dunwich, 2002:58).

For example:

*Mystery of Annabelle truly happened in 1970s, it based on article [www.Metrotvnews.com](http://www.Metrotvnews.com) truly story of Annabelle published on October 7<sup>th</sup> 2014 by Triyanisya, An annabelle doll originally named Reggedy ann stored in a glass cabinet Warren Occuit Museum. In movie of Annabelle 2014, the*

*movie tells about an Annabelle ghost doll that can move from one room to another.*

### 3. Spiritualism

Spiritualism is movement was to provide the world with evidence of life after the death of the physical body believed that some spiritualist or psychics competent that can only come from the claimant in the world of spirit are capable of calling on spirits and communicating with spirit of the dead, either directly or through medium.

For example:

*Making communication with a spirit or ghost through a media as in movie of Ouija: Origin of Evil 2016, the movie tells about the spirit of coin played by a child named Doris Zander to summon ghost and communication with spirit.*

### 4. The Necromantic Arts

Necromancy is the art and practice of divining the future by raising corpses or by conjuring the spirits of the dead, Necromantic rituals sometimes require the use of cremated remains, bones, or other parts of a corpse. (Dunwich, 2002:120).

For example:

*Black magic is used to summoning of an evil spirit, as in movie of Danur in 2017. The movie tells about a child who could make communication or saw a ghost.*

### 5. Possession, Obsession and Exorcism

Possession is a real phenomenon, It occurs when a discarnate human being inhabits a living person and makes that person behave in a manner contrary or

markedly different from, that person's normal behavior, According to individuals who believe this, there are three basic stages of spirit possession, beginning with what is known as *Partial Influence*. This is when a person feels compelled to spend most of his or her free time communicating with a spirit, The person's behaviour grows noticeably peculiar, and he or she becomes increasingly isolated from family and friends in order to devote more time with the spirit, The second stage of possession is known as *Partial Possession*, and is the partial control of a person's mind and speech by a spirit. Typically, the dreams and emotions of a person in this state are affected. He or she begins to hear the spirit's voice during waking hours and while sleeping, and begins to fear that the spirit's control over him or her cannot be stopped. The third, and most serious, stage is *Total Possession*, which requires exorcism. Persons unfortunate enough to reach this point are no longer able to function normally and are often misdiagnosed by doctors as suffering from mental disturbances. They often end up as patients in psychiatric wards or the victims of suicide.

Obsession is a condition where in a spirit, usually thought to be evil (or, in some cases, a demon) has a strong influence over a person's psyche. It is defined by the dictionary as, "The act of a demon or evil spirit in besetting a person, or impelling him to action from without." Unlike possession, where in a spirit or demon takes residence within an individual and gains near full or complete control of the victim's body and psyche, obsession involves external spirits and does not render a person powerless to exercise his or her own will.

Exorcism is A ritual designed to expel an evil spirit or demon from a possessed person or place. Also known as deliverance. if an individual demonstrates paranormal abilities, manifests superhuman physical strength, and most importantly, speaks in tongues, then he or she may be a candidate for the rite of exorcism. The church may deem such an individual possessed when the afore-mentioned signs are accompanied by extreme revulsions for sacred texts and objects. During the course of an exorcism, certain prescribed prayers such as the *Pater Noster* (the Lord's Prayer), the Litanies of the Saints, and the 54th Psalm are recited over the possessed individual, and often in Latin, as prayers are believed to be more effective when spoken in this ancient tongue. Throughout these recitations the exorcist traditionally makes the sign of the cross, reads scriptures, and sometimes places his hands upon the victim. He also calls upon the evil spirit or demon that has taken possession to reveal its name and nature, to succumb to the Son of God, and to depart from its living human victim and leave him or her in peace, (Dunwich, 2002:138).

For example:

*Someone who is possessed by a spirit (it could be ghost) and make any physical movements or any statements which are stated. As in movie of deposition in 2012. The movie tells about a women who is possessed by a an evil ghost so that she can move any equipment's around her.*

## 6. Spells and Sorcery

Spells is an attempt to understand and influence the world using rituals, symbols, actions, gestures and language, which we may categorize as the spirit

evocation, spell to enable contact with a spirit and amulets for protection against evil spirit (Dunwich, 2002:142).

For example:

*Doing any ritual while reciting spell as in movie of Harry Potter. In the movie, the characters did any ritual and recited any spells to raise or to change something by using magical power.*

#### 7. Herbs associated with ghost

Herbs associated with ghost, plant that usually grows in areas of funeral or plans that have a history or myth. Herbs associated with ghost that categorized like mohavea, confertiflora, monotropa uniflora and others (Dunwich, 2002:159).

For example:

*Herbs associated with ghost, like flowers Magnolia, besides grow in region known as the cemetery and plant associated with ghosts, in the novel Beautiful Darkness 2013 tells about acacia in the magic, it is used as media exorcist.*

#### 8. Ghostly superstitions

Superstitions Ghostly is all any belief that does not make sense with the known laws of science or with what is considered true as does not exist or is not magic. We can describe like in Scotland, it was once believed that a small crucifix made from the wood of a rowan tree and fastened with red thread could offer protection against ghost (Dunwich, 2002:162).

For example:

*Ghostly superstitions. These are, first, superstitions about ghost like demon, second, superstitions about ghost like sheer and the last, superstitions about animal like cat, in which believe they can see what most people cannot see.*

## 9. Creatures of the Night

Creatures of the night are actually dead creatures that have become a corpse, but if from is believed the creature exist or can be said as the undead or in a fictional story can be said as the Vampire, Dracula and other similar creatures (Dunwich, 2002:168).

For example:

*In the possession movie one of character namely Dybbuk movie can be said as the Ghost and Devil.*

## 10. Deities of Death and the Underworld

In the discussion of deities of Death and the Underworld, Dunwich mention some gods who had supernatural powers (Dunwich, 2002:142-209).

For example:

*Ah Puchis a Mayan god of death and the ruler of Mitnal (said to be the lowest and most horrible of the Nine Hells) In ancient works of religious art, he is depicted as an owlheaded man and sometimes as a skeleton or hideous bloated corpse. as in movie of gods of Egypt tells about gods, where Anubis is deities of Death, Anubis is depicted as a male figure with the head of a dog.*

### c. Supernatural in Literature

Literary work is a typical phenomenon, which in a literary work is filled with a variety of meanings and roles, but the meaning and the role sometimes vague or unclear. This is because with the proviso literature is fantasy or delusion. That result, researchers of literature has a role to uncover it to become apparent vagueness.

When the study is vague of course the result will not be maximal that is why in a literary work a model of research, one of which is a model of anthropological research. Edraswara (2011:107-109) mentions that Anthropological research in literature is a reflection of new research literature. That where a research or study literary works, one of which emphasizes the cultural heritage of the past or uncover the roots of tradition or subculture associated with traditional themes that are passed from generation to generation. In this case also supported by the opinion of Guerin (1979:324) myth in the traditional sense, an anonymous story reflecting primitive belief or explaining the mysteries of the natural universe. Meanwhile, the myth is something that is believed to be the nation or community that essentially brings supernatural forces. Supernatural is an event or things that cannot be explained by natural law, and beyond human reason, so it can be concluded that the supernatural is part of literature, which originated from the existence of a new research models, that is a model of antropological research.

#### **A. Research Method**

The research used descriptive qualitative method. Endraswara (2011:5) said that descriptive qualitative method is the method in research that is described in words form or picture if necessary, not the numerals. Sugiyono (2010: 15), assumed that qualitative method is research method that is used to examine the condition of natural objects where the researcher is a key instrument.

#### **B. Source of Data**

The source of the data in this reaserch is the script of “Conjuring II” movie by James Wan’s which published in 2016, The duration of movie is 133 minute.

#### **C. Instrument of Data Collection**

The instrument of research used note taking. Ray (2005: 13) defines note taking as a method in assembling data required by using note cards to write down the data findings from source of data. In order to found the data easily, the researcher make some notes to classify the important units or part of script that related to the problems and objectives of the research.

#### **D. Procedure of Data Collection**

The procedure of collecting the data in this research are:

1. The researcher watched “*The Conjuring II*” intensively to understand the whole story and get the data needed
2. The researcher read the scrip of “*The Conjuring II*” movie.
3. The researcher find of some kind of supernatural aspects in the movie, that related to the movie.
4. The researcher make card and write down the data on the card.

#### **E. Data Analysis Technique**

**B. Discussion**

This part, the researcher discussed the data analysis that had been found in *Conjuring II in move*. The researcher identified kinds of supernatural aspect and Dunwich theory (2002) that explain about ten aspect of supernatural, there are

phantasms and ectoplasms, true tales of ghost and hauntings, spiritualism, the necromantic arts, possession, obsession, exorcism, spells and sorcery, herbs associated with ghost, ghostly superstitions, creatures of the night and deities of death and the underworld.

### 1. Kinds of supernatural aspect.

#### a. True Tales of Ghost and Haunting

True tales of ghost and haunting is a true story of ghosts that occur in haunted houses and hospitals, not all ghost stories occur in an ancient house but also occur in an apartment or modern buildings (Dunwich). It could be show in **Extract 1**, the film described some signs of ghost existence. The spirits of Ronald's family still haunted in his house, a little boy ran in bloodstained clothes, some objects moved by themselves, strange sound from the strange direction, the appearance of a dead person, etc. It is also depicted in Indonesian film "Rumah Kentang" a dead child because of slipping and stacked into a pot that was cooking potatoes, after that, some people often sniff the smell of potatoes and heard the sound of the little boy by midnight. Based on the explanation, the first image can be categorized into the true tale of ghost and haunting.

Next, In **Extract 2** also showed the existence of ghosts in the house of Hodgson family likes strange occurrences or supernatural phenomena that could not be explain logically and the existence of some ghosts. There are several reasons to the presence of ghosts and the ghosts have a specific purpose why they are present. The

incident is also depicted in the latest Indonesia horror movie "Pengabdi Setan" the film described the return of a dead mother, the reason for her presence was to bring her child to her world. The researcher could be concluding that there are some spirits or dead spirits in Hodgson family's house that can be categorized into true tales of ghost and haunting.

#### b. Spiritualism

Spiritualism is communicating or calling spirits through instruments (Dunwich, 2002: 73). It could be show in **Extract 3**, which talking about the spirits calling being performed by Ed and Lorraine and two others at a round table with candlelight, it is showing a round table as media to call spirits to get information through communicating. It could be show from several facts in some countries, especially in America. In America, it is famous for media séances or sitting calling spirits, Leah Fox is a first paranormal in the world who call a spirits with media séances, besides that wooden boards with letters and numbers printed on it are also often used as spiritually calling media. Based on the previous explanation, it could be categorize into Spiritualism kinds. That is also related in the **Extract 4**, in the movie showed that Lorraine try to communicate with a demon which using nun uniform who attack her by asking who is she and what she wants. Communicating either directly or through a competent and reliable intermediary, media or paranormal has the same aim that is to get information or meet again with the spirits of dead person. It is showed that there is communication between human and devil. Based on that analysis, it can

be concluded that this picture is the kinds of spiritualism. Next, in **Extract 5** also showed Lorraine communicate directly with Bill ghost. There is a message that would be convey from Bill's ghost and it is the information that Lorraine wants to get. The same thing with is described in Indonesian movie "Danur : I Can See Ghost, tells about a girl named Risa who can communicating with ghosts, the ability of Risa makes him able to seething that state like a ghost and make the ghosts as his friend. It is showed that there is communicating between human and spirits' person, so that categorized as spiritualism.

#### c. Possession, Obsession and Exorcism

Possession, obsession and exorcism is one condition where someone's body and mind is controlled by ghost. It is showed in **Extract 6**, when Janet's sound and behavior suddenly changed like an old man and her statement is not about her but it was about old man that have been died. It was showed that there was attitude, behavior and sound changed issued by Janet which showed that Janet in possession of demon. When someone in devil control will show a strange behavior, something that cannot be explained such talking with a language that never used before. It was included in possession kinds. It was also showed in **Extract 7** where Janet walked unconsciously then sing a song like a male voice and then flies objects around her, it is indicated that Janet was being possessed where a person will show symptoms such as having super powers, having the ability to move objects physically through psychokinetic, this incident belongs to the possession kind. In **Extract 8**, showed that

Janet's attitude, behavior and sound changed show that there was a devil in her. Basically, there were two kinds of ownership, the first was ownership which was approved by the person body or voluntary personality with the aim to get information and the second ownership which was control full body of person by devil to harming. It was described in that movie, besides that the same describing showed in Malaysian movie "Munafik" where Maria often face possession showing the strange behavior such the change of sound and behavior, has a power that make Maria can destroy an objects and can stick like a lizard. From the analysis above, it could be conclude that this part is the kind of Possession.

#### d. Spells and Sorcery

Spells and sorcery is doing any ritual and saying a few words that are believed have supernatural powers. (Dunwich, 2002: 142). It was shown in **Extract 9**, Ed took the Cross Necklace from his neck and directs the necklace in each direction while saying "in the name of the Father and the Son and the Holy spirit. It was showed that Ed Warren's sentence was a mantra to protect him from spirits, it was included in spell and sorcery kind. It was also show in **Extract 10**, where Lorrain against the devil by mentioned the name of the Devil and reading a *spell "The Defiler, the profane, the marquis of snakes. Is the name of the Father, the son and the Holy Spirit I condemn you back to hell* then the devil named Valak was destroyed. It was showed that Lorraine read a spell to destroy a devil named Valak, a spell was used at a particular time or place in order to show the ability of the person who read the

mantra, mantra was usually controlled by certain people like the paranormal. From that analysis, the researcher, it can be concluded that this part is the kind of Spell and Sercery.

#### d. Ghostly Supersition

Ghost Supersition is the belief in something whether it is objects, numbers and events that are considered true as assuming something that has supernatural powers. (Dunwich, 2002: 162). In **Extract 11**, Janet was possessed by the Bill's ghost then Ed Warren tells the Bill's ghost to leave Janet's body, Ed Warren pulled out a cross necklace from his pocket and told Bill to see the cross necklace. It shows that Ed believed that a cross necklace possession could cast an evil spirit from the body of a man in the middle, according to their old superstition that the small cross-made of rowan wood trees could protect them from ghosts or demons. The belief in something is also believed in Indonesian society as they believe that a dog is holding constantly in the middle of the night when no one passes, in believing that a demon or a spirited creature was passing or being around the dog. From that analysis, the researcher could be conclude that this part was the kind of Ghostly Supersition.

It is also describe in **Extract 12**, several crossed taped to Janet's self-propelled and falling room. That showed the crucified cross on the wall which they believed could be the protector was not able to protect the Janet from the demonic power of this thing because it was not related and did not logic how can a cross-shaped wood has the power even they know the wood was only artificial of their own, these kinds

of things could not be accepted with the sense. This was included in the category of Ghostly superstition.

The Conjuring II movie is the one of the horror movies that the researcher ever watched, eventhough the researcher was afraid to watch it and some of the scenes that makes the researcher shudder for several times. The interesting things of this movie was the movie in lift from the real story that happened in a house at Enfield, London. In the otherhand the plot of the story very creepy and mysterious. The fact from a horror movie aims to frighten the audience and test our adrenaline, ranging from the appearance of various creatures, jump scares are surprising and trance is often displayed differently until human communication with spirits that are able to cause psychological fear.

In The Conjuring II movie is also presents two figures named Ed and Lorraine who works as a paranormal or demonologist, people who learnt and understood things about spirits, Lorraine was a paranormal who could deal directly with spirits, she could even communicate with them directly and using ghost calling media, their presence in this movie has had a huge impact in the case at Enfield. In addition, the creepy effect from this movie is also increase with the presence from Valak, a ghost tangible creepy nun. Valak herself is called as the greatest leader in hell and most powerful, she could penetrate any creature including humans and other subtle creatures, in this movie Valak could only destroyed when in the know the name of the ghost figure wear a nuns. The actual figure of the Valak is not like the one depicted in

this “The Conjuring II” movie where in the study of demons or demonologist, Valak is depicted as a figure of a child with angel wings who are riding a two-headed dragon and is said to be the greatest leader in hell that nicknamed the president of hell who has 30 demon legions under his command.

One thing that is always interesting when talking about a horror movie is the supernatural aspect contained in it, The story depicted in the horror conjuring II movie that is focus on supernatural phenomena as has been described in the study above Based on the Dunwich theory there are ten supernatural aspects, but The researcher found on twelve Extract that’s describe supernatural aspect in the movie “The Conjuring II” by James Wan. The researcher has watched and identified this movie by several times, but the researcher can only find five supernatural aspects of Dunwich’s theory they are True tales of ghosts and haunting, Spiritualism, Possession, obsession and exorcism, Spell and sorcery, and Ghostly superstitions.

The researcher did not find five supernatural aspects of ten aspects supernatural such as Phantasms and ectoplasms, Creatures of the night, Deities of death and the underworld, The necromantic art and Herbs associated with ghost. The researcher identified a scene that almost include The Necromantic art’s aspect but it was not. In the scene explained that Lorraine was seeing the walking shadow toward a painting then attacking her. Lorraine was trying to communicate with the figure of the nun devil that kept attacking her by asking who was he and what he wanted. The nun devil responded her by a very loud scream and pointing her own husband,

Suddenly the nun devil wanted to kill him. The Necromantic art is the art and practice of divining the future by raising corpses or by conjuring the spirits of the dead, Necromantic rituals sometimes require the use of cremated remains, bones, or other parts of a corpse (Dunwich, 2002:120). According the definition of The Necromantic art, this scene was not included on this aspects because this scene did not use any rituals.

The researcher did not find The Herbs associated with ghost's aspect because in Dunwich (2002:1159), herbs associated with ghost is plant that usually grows in areas of funeral or plans that have a history or myth. Herbs associated with ghost that categorized like mohavea, confertiflora, monotropa uniflora and others. The movie did not show any plant's ghost that based on definition that can be categorized as herbs associated with ghost's aspect. It meant that there were not any herbs associated with ghost's aspect in this movie.

## CHAPTER V

Lorraine Warren : After everything we've seen, there isn't much that rattles either of us anymore. But this one, this one still haunts me. Two months prior to our involvement, a young man named Ronnie DeFeo, the Lutz family had fled their home in the middle of the night claiming that the house was haunted. The Church had reached out to us for help. They wanted to see if we could confirm the activity that had been reported by the Lutz.

AMITYVILLE, NEW YORK - 1976

Ed Warren : Okay, are you ready? Then let's get started.

Lorraine Warren : I'd like you to sit quietly and close your eyes. Envision yourself in a halo of glowing white light. It will protect you. The year before the Lutz moved in, a young man named Ronnie DeFeo, had brutally murdered his entire family in this house. We hoped to discover if the killings had been motivated purely by anger or if, as Ronnie DeFeo testified in court, he had been under the influence of something demonic.

Ed Warren : What did you do?

Lorraine Warren : (whispering) Shoot, shoot, shoot

Ed Warren : Honey, are you okay? What are you seeing?, Lorraine, what is happening?

Lorraine Warren : I have to see, We're through

Ed Warren : It's time to come back. What is happening?

Lorraine Warren : He wants to show me.

Ed Warren : Honey? Honey?

Lorraine Warren : It's okay, This is as close to hell as I'll ever want to get.

Why is that?

Dr.Steven : Well, it's been well established that Amityville was a blatant hoax.

Ed Warren :Well, it has never been proven.

Dr. Steven : Yes it has! The Lutz family made everything up so they can profit off of all the publicity.

Ed Warren : That's just not true! Look, we see this all the time. It's very easy to sit on the outside, and pick apart their story. But it's something very different to have been there and experience it for yourself.

Dr.Steven :Listen, Ed Warren's never seen a house that he didn't think was haunted by the time wife is done blowing smoke and ringing bells they got everybody else believing in ghost too.

Ed Warren : What exactly you are doctor of anyway?

Peggy : How did you find out about that?  
Ken Allent : The police constables filed an incident report. It's had raised a few eyebrows.

Peggy :I'd rather not have my business spread all over the tele, if you don't mind! Good day.

Ken Allent : Is it still happening? Because if it is, getting your side of the story, I might be your best chance of finding help.

CALLE GREEN

ENFIELD, LONDON

Ken Allent : Behind the doors of this seemingly normal house, in Pondus End, North London is a family, living in a nightmare.

PRIMARY ENFIELD

Ken Allent : Maurice Grosse is an engineering consultant and has been investigating these claims for the Society for Psychical Research.

Maurice Grosse : Well, I do not think there is any doubt at all. The sheer number of documented incidents in this case is absolutely staggering.

Ken Allent : Is anybody there? is anybody there who wishes to communicate?

Jannet : nothing

Maurice Grosse : Janet, are you all right? Janet? Janet, are you feeling all right?

Jannet :Stop calling me Janet! Isn't that your name? Janet is asleep. and I'm talking.

Maurice Grosse :Well, what should I call you? What is your name? You don't belong here. My name is Maurice Grosse. Who are you?

Jannet : This is my house. Get out now.

Maurice Grosse : No, this is not your house. Now, what's your name?

Jannet : Knock, knock.

Maurice Grosse : Very well. Who's there?

Jannet : Bill, Bill, Bill, Bill.

Maurice Grosse : Bill who?

Jannet : My name is Bill Wilkins and I'm 72 years old.

Maurice Grosse : Where do you come from?

Jannet : I come from the grave.

Maurice Grosse : How did you die?

Jannet : I went blind and had a haemorrhage and I fell asleep and died in the chair in the corner.

Maurice Grosse : Why have you come here?

Jannet : I like to hear them scream.

Peggy : Why didn't you just leave us alone!

Jannet : Shut up, you old cow.

Peggy : Janet, darling.. Darling, are you all right? I'm sorry. Janet?

HOUSE OF BIZARRE INCIDENTS

Billy : Ma-mom...

Peggy : What? What happened? What is it?

Billy : The crooked man!

Peggy :What crooked? What are you talking about darling?

Billy : The crooked man.

Peggy : Calm down and just tell me what has happened.

Jannet : The crooked man stepped forth and... rang the crooked bell  
And thus his crooked soul... spiralled into a crooked Hell  
Murdered his crooked family... and laughed a crooked laugh

Peggy : Janet! Oh my God! No! Someone get an ambulance!

Maurice Grosse :Mr and Mrs Warren, I am Maurice Grosse, thank you so much for coming.I believe you're gonna bestaying in the Hodgson house,is that right? Always better to be on the mix.

Ed warren : Oh, yeah I agree.

Mate : how are you? Ed Warren

Ed Warren : hello Mate How are you?

Mate : And this is Peggy, Peggy Hodgson.

Peggy : - Nice to meet you, Ed Warren.

Ed Warren : How do you do? My wife Lorraine.

Lorraine : How do you do? Hello

Peggy : It's just me and Janet here now. My other kids are staying with them. This is where the girls used slept, but... We don't use it anymore.

Ed Warren : Why not? Well most of the activity centred in this room,

Peggy : we were quite afraid that someone might get hurt,

Ed Warren : that's why we kept it locked. I understand that Janet has levitated?

Peggy : I hung them up hoping to keep things from moving around.

Ed warren :Does it work?

Peggy : No. We can hear it all night.

Lorraine : Hi there, I'm Lorraine. Mind if I have a sit? Do you know why I'm here? Well, your mom's told me about what's been going on.. and I'm here to help if I can. Would you like to talk about it? You know when I was about your age, I was visiting my mom in a hospital, and.. I saw an angel. Yeah. It was.. standing next to a little waste bed, and just gently touching his cheek, and it stopped then it looked right at me. Of course my mom and the nurses did not believe me...but I knew it was real. Look, I know how it is. I know what it's like to lose your friends, because you're different. But I also know that..One person can change everything.And you just have to open up to them.How did you know you could trust the people you have been talked to?

Jannet : I didn't.

Lorraine : Sometimes I got hurt. And it took a long time, but.. finally found someone who believed me.

Jannet : What did you do then?

Lorraine : I married him.

Jannet : I'm just so tired. I can't sleep here. I used to go to the medical at school. And they let me sleep there. Because I was so worn out. But now I can't even do that. Everyone's afraid of me. I got no friends. No place I can go to. It makes me feel like I'm not normal. You know, whatever's doing this to you..

Peggy : Bill Wilkins died, right here.

Ed Warren : Where'd you get it from?

Peggy : My ex-husband bought all the furniture with the house when we moved in.

Ed warren : If you don't mind me asking, is your ex-husband still in the picture?

Peggy : No.

Ed warren : Sorry to hear that. Is there any chance of reconciliation?

Peggy : He had twins with a woman from around the corner. I'm gonna take that as a "no".

Ed warren : Well it's coming from behind me. Like I'm being used. Does it ever say things, just to you? That only you can hear? What is it saying?  
It says it wants to hurt you.

Jannet : well

Ed warren :So what do you think Bill? We've given you your privacy.

Jannet : Now come on out and talk to us. <i> Here I come.. </i>

Ed warren : Am I talking to the spirit that is oppressing this family? And I've come to put a stop to it. Do you know who I am?

Jannet : Ed.. Eddie..Edward. </i>

Ed warren :Ed, is fine.

Jannet :<i> Your father called you "Edward". </i>

Ed warren : Not true. My father called me Ed, just like everybody else.  
Come on Bill, you're not psychiatrist.. and I'm not here to talk about my father. Let's get down to business,

jannet : what do you say?

Ed warren : Why don't you just leave these people alone?

Jannet : <i> Because this is my house. </i>

Ed warren : It's not your house.

Jannet : *<i> Yes, it is. </i> <i> I've come here to see my family </i>  
*<i> but they're not here now. </i>**

Ed warren : That's because you're dead. If your family did lived here,  
they're long gone now.

Jannet : *<i> Where are they? </i>*

Ed warren : I don't know. If I did maybe I can help you.

Jannet : *<i> I don't need your help. </i>*

Ed warren : Then why don't you just move on?

Jannet : *<i> I don't believe in that. </i>*

Ed warren : Why not? What would be so wrong with going to Heaven?

Jannet : *<i> I.. I'm not a heaven man. </i>*

Ed warren : Well I've got news for you Bill.. See, I don't care what you  
believed in. You see this?

Jannet : *<i> Help! Me.. let.. go.. </i> <i> Help! It.. let.. go.. </i> <i>  
Are you sensing a presence? </i>*

Ed warren : No, just the opposite, I'm not sensing anything.

Maurice Grosse :That would explain the multiple personalities and..  
hallucinations.That doesn't feel right either.

Annita : I can't explain it, in my heart, it's telling me to believe them.  
I heard that voice, with my own ears. But all I can sense is their  
own fear. I can't seem to see beyond that.

Jannet : I don't think I can sleep this far away from you.

Peggy : Well you're gonna.

Jannet :I'll give you something to look forward to when we get home.

Peggy :Oh love, I wish you wouldn't do that!

Jannet : It helps me sleep. At least I know I'm not going anywhere. I  
didn't smoke, mom.

Peggy : Hey?

Jannet : That day with Camilla at school. I was holding the cigarette, but I wasn't going to take a puff, I swear. I just wanted to look cool in front of her It's stupid.

Peggy : Oh, love! I'm sorry I didn't believed you. Oh God!

Jannet : Help! Help!

Peggy : Janet? Oh my God! Janet?

Jannet :Help!

Peggy :Janet!

-jannet : Mom! Help, get me out. There is somebody in here.

Peggy : I can't open it!

Jannet : Mom, help me!

Lorraine : What's going on?

Peggy : There is someone in there with Janet. I can't get it open!

Ed warren : Get the key! Go!

Lorraine : Janet, hold on! We're coming!

Jannet : *<i> Help me! </i>*

Peggy : Come on! Janet, we're coming. It's ok. Janet! Take it off me. Please take it off! My God! It was someone in here! I saw it with me own eyes. He did this to my girl. his is the bite where Janet received the first night. It has faded a bit here, but you can still make it out.

Annita : Everything she said is true. All public information, by the way. She could have heard the whole story from a neighbor. And what about the claim that Janet has been teleporting around the house in her sleep? About as valid as the claims of her levitating off her bed. Were any of you there.

Lorraine :when it happened?

Annita :No, but I have pictures of that too.

Peggy : Yeah, there you go.

Annita :I set my camera up in the girls' room and then I went downstairs with the remote control and fire it off whenever I

heard any commotion. I have to admit, well her knees are bend.. the upright position of her body, looks like she is just jumping.

Peggy : What are you saying? You were there last night, you saw with your own eyes.

Annita : Well.. Peggy was the one who saw someone attacking Janet. But she teleported herself into a room locked from the outside for goodness sake!

Margaret : Mom, help me, please! Mom, please! Mom, help me! Help!

Peggy : For God's sake, leave us alone! Margaret? Margaret, no! Margaret, come on honey. Come on.

Margaret : Mom? What is happening?

Peggy : Come on let's get out. Go to Peggy's house!

Margaret : Are you not coming?

Peggy : I can't leave Janet. No, Janet!

Margaret : Mom!

Mate : I don't understand it, I mean first you said it's not real.. Now it is. Our sight are being blocked by the inhuman spirit.

Ed warren : The old man's spirit, couldn't break though until we left that house. Everything they have experienced has been a manifestation of that demonic.

Lorraine :The old, the crooked man, are just facade, trying to keep us from seeing the real evil in that house. In my vision, he wanted to help me but he was too afraid. And he kept speaking in a kind of riddle. Something like.. I am given and I am taken, I was there, at your first breath. You didn't asked for me. But I will follow you until your death. Your name..you didn't asked for it, it was given when you were born. That's it! Knowing the demon's name.gives us power over it, and we can cast it out. Yeah. Sure, but don't know it's name. Or maybe we do. Why else would he gave us that clue?

Ed warren : He must think that we knew it somehow.

Mate : So what do you do now?

Ed warren : An inhuman spirit powerful enough to cloud Lorraine's sight is more than a match for me. We need to bring Janet to the Church before it kills her.

Ed warren :Janet! Margaret?

Peggy : Oh thank God you're here, Janet is in there.

Lorraine : Ed, are you okay?

Ed warren : Yes. I'm gonna go around the back.

Lorraine : No, Ed! No!

Ed warren : - Peggy, stay here.

Lorraine : No, no.. Wait in the car with the kids. Wait...

Ed warren : Janet!

Lorraine : Get in the car. Come on, come on! You too Peggy, come on!

Ed warren :Come on!

Lorraine : Ed! It won't open.

Mate : Let me try. Shit! We have to break it down!

Lorraine : Wait, Vic will be right back.

Ed warren : I can't wait!

Lorraine alone. : I'm going on to her. No, Ed don't! Stop! You can't fight this

Ed warren : She needs our help.

Lorraine : Ed, please! Please just wait for me.. Please wait for me. I can't lose you. I'm so scared.

Ed warren : I know. Me too. But I have to help her.

Lorraine : But what about my vision?

Ed warren : I know I made a promise to you honey.. but I have to do this.  
I love you, Lorraine.

Lorraine : Don't go! Ed! No. No...

Jannet : Help

Ed warren : Janet, where are you?

Jannet : Help!

Ed warren : Janet! Janet!

Jannet : Help me!

Ed warren : In the Name of the Father, and the Son and the Holy Spirit.

Lorraine : What's your name? What's.. What's your name? I do know your name. I asked you. Tell me who you are! And you told me.. You told me your name. And I wrote it down! I need my Bible.

Peggy : Why? What's happening? What?

Lorraine Valak. : The demon's name gives us power over it. V-A-L-A-K

Ed warren : Janet!

Lorraine : Let me through!

Mate : Lorraine No, wait! I'm going in. Let me go in! Lorraine!

Lorraine : Ed!

Lorraine : Oh my God! No! Janet! Ed!

Ed warren : Lorraine!

Lorraine : Your name gives me dominion over you, Demon. And I do know your name.
